COCKTAILS AT SUNSET 2008 Benefit

Calvin Klein Collection and *Vanity Fair* Co-Sponsor Annual Hamptons Fundraiser for the AIDS Community Research Initiative of America (ACRIA)

NEW YORK, June 25, 2008— ACRIA's 2008 summer benefit, "Cocktails at Sunset," will take place at the Bridgehampton home of renowned photographer Steven Klein on Saturday, July 12th, 2008, from 8-11PM.

For more than ten years, Cocktails at Sunset has been one of the most popular events of the Hamptons' summer season and perhaps it's most high profile fundraiser. It is a favorite for leaders from New York's fashion, art, and media communities. Hosts for the 2008 event include Ross Bleckner, Sandy Brant, Nan Bush, Bob Colacello, Francisco Costa, Linda Evangelista and Peter Morton, Aerin Lauder, Craig McDean, Astrid Munoz, Andrew Saffir, Elizabeth Saltzman, Ingrid Sischy, Natalia Vodianova and Justin Portman, Bruce Weber, and Italo Zucchelli

According to Calvin Klein's Francisco Costa, "I'm so excited that we've partnered with ACRIA for this excellent party. It's a fantastic event, one that is dear to my heart as a longtime ACRIA Board member, and I think this illustrates wonderfully Calvin Klein Collection's deep commitment to both AIDS research and education and to ACRIA's important work here in the New York community and around the country. And of course, I'm very excited that our friends at *Vanity Fair* are joining us to make this important fundraiser a success."

Guests will enjoy the musical talent of DJ Cassidy. The event will feature passed hors d'oeuvres with cocktails provided by Grey Goose Vodka. Tickets are available for \$2,000, \$500, and \$250. Tickets for Cocktails at Sunset may be purchased by calling (212) 924-3934, ext. 101, or by visiting www.acria.org.

The AIDS Community Research Initiative of America (ACRIA) is a leading HIV research, treatment, and education organization. ACRIA tests the newest HIV therapies; undertakes cutting-edge research to understand better who has HIV and how to keep people with the disease healthy; provides life-saving HIV health information to disadvantaged people and communities around the world; and strengthens community-based groups across the U.S and throughout Latin America and the Caribbean through a comprehensive technical assistance program. Additionally, through its Center on HIV & Aging, ACRIA is a recognized leader on the emerging issue of older adults and HIV.
